

## WARRANTY CERTIFICATE

**EXCLUSIVAS JUMACAR QUIMIPLUS S.L.** guarantees that the **Q+TERMIK** coating for thermal insulation, marketed by its distributor, conforms to the requirements of the proven quality mark.

The product will have a **10-year warranty** on the material, starting from the date of the supply invoice.

For this certificate to be valid, the following conditions are essential:

- *That during the warranty period the material presents demonstrable manufacturing defects.*
- *That the damage is not caused by severe weather conditions such as hail, torrential rains, tornadoes, etc.*
- *That in its installation all the norms in force and legal requirements have been taken into account, and that the application is carried out by qualified personnel.*
- *That the material is used in accordance with the purpose for which it has been contracted and that the deterioration of the same is not due to defects in the inferior construction..*
- *That the communication is made in writing to the company that has provided the material as soon as the defect is known, before its repair and that it can be reviewed by **EXCLUSIVAS JUMACAR QUIMIPLUS S.L.** to assess the surface to be replaced the coating.*

Damage found after the warranty period will not be covered, regardless of the point in time at which the damage occurred. In the case of damage within the warranty period, the warranty will not be renewed again from that date.
